## Dawson Lodge Shows Operating Deficit, 1964

An operating deficit of \$3,314 for the period March 2 to December 31, 1964, is shown in the financial statement for the Marquis Foundation, operating Peter Dawson Lodge.

A special levy on the contracting municipalities will recover \$3,000 of

the deficit. Based on equalized assessments, the County of Vulcan will pay \$2,504, the Town of Vulcan \$266, the Village of Arrowwood \$31, Carmanzay \$49, Champion \$69, Lomond \$45 and Milo \$33.

The financial statement shows total operating revenue for the year of \$14,866. Main items of expense were salaries \$7,844, food \$6,294, utilities \$2,364, cleaning supplies \$512, Office supplies, insurance, laundry supplies, equipment purchases and other minor items totalling \$1,313 to bring total operating expense to \$18,330. A donation of \$150 was received by the Lodge.

Fixed assets include land valued at \$5,000 (donated by the Town of Vulcan) and building, furnishings and equipment valued at \$237,567 (donated by the Government of Alberta).

The Lodge, which has a capacity of 50, has 35 guests at the present time.

## Town Opposes Closing

The Town of Vulcan has opposed an application by the Canadian Pacific Railway to the Board of Transport Commissioners to close the Vulcan station.

In a letter to C. W. Rump, secretary of the Board of Transport Commissioners, Vulcan mayor M. R. Morrison said:

"...we cannot see how the past degree of service can be maintained without a local station agent. Vulcan is one of the largest grain shipping points in Alberta and there will no doubt be many complications with the farmers and grain elevator men that could be handled much more satisfactorily by having a local agent to discuss the matters with and iron out difficulties." Difficulties were also foreseen in the handling of express, passengers, baggage and freight.

The letter acknowledges the board's notice of hearing, set for May 12 and to be held at Lethbridge, and states that Vulcan "is of the opinion that any such hearing should be held in the local centres concerned, rather than in a centralized point such as Lethbridge."

Mayor Morrison concludes the letter to the board with the following statement: "We believe that the board of transport commissioners should be very hesitant in granting approval of the said application."

## Bethel Guild Meets

The Bethel Lutheran Guild held their April meeting at the home of Mrs. Harvey Jacobson on April 13. Mrs. E. Ruff, the president, conducted the meeting. The devotional and an interesting Biblical contest were given by Mrs. Doris Schmeelke. Easter eggs were given as prizes.

Several more layettes were packed and sent to Kitchener, Ont., the Lutheran World Relief Distribution Centre.

A bake sale among the members was much enjoyed. Thank you cards were received for gifts sent to the sick members.

The meeting concluded with the repeating of The Lord's Prayer.

YVONNE B. GRIFFIN

Miss Yvonne B. Griffin's work as a school psychologist with the Salt Lake City (Utah) Board of Education was recently the subject of an article in the Salt Lake Deseret News.

Miss Griffin, daughter of Mr. and Mrs. E. H. Griffin of Lethbridge, formerly of Champion, received her schooling in Champion and at the University of Alberta in Calgary and Edmonton. She attained her master's degree in psychology at the University of Utah after teaching at Black Spring Ridge, Iron Springs and Cardston. She has fulfilled two missions for the Church of Latter Day Saints, one with the Eastern Canadian Mission and one with the Swiss-French Mission.

A number of recommendations

Nine members of the 22 man Vulcan Fire Brigade are pictured above during a routine inspection and refill job on the five local reserve cisterns in town. In the background are, from left to right: Cal Lebsack, Tom Wiley, Hubert Broere, Rudy Lever, Doc Stewart,

Dave Schuler and Bill Perrault. Crouching in front are deputy chief George Richardson and captain Andy Broere. Four of the fire department crew assisted at the elevator fire at Herronton last week but because of the nature of the blaze their duties were limited

to controlling the spread of the flames to a third elevator. Sunday night another country call was received at about 10 o'clock from the farm of Glen Green, south of town. A chesterfield and bed in the bunkhouse caught fire and were damaged as was the floor and walls.

## New Rate 59 Mills

## Town Tax Rate Shows 4 Mill Increase For 1965

Anticipated higher expenditures for municipal purposes — mainly for new sub-division development — has led to an increase in the Town of Vulcan tax rate this year from last year's 55 mills to a 59 mill rate.

Mill rates set at this month's town council meeting, with comparative figures for last year shown in brackets, are: Municipal 24 (19.5), School 30 (30), Hospital 5 (5.5).

Tax notices will be mailed next month and a discount of 5% applies on current taxes paid within 30 days of the mailing date of the tax notice.

Total revenue last year was \$203,080. Revenue for 1965 is expected to be \$207,990. Last year it was necessary to use up an \$18,000 surplus carried forward from the previous year, but this year there are no such extra funds available.

## Hi-C's Sponsor Easter Service

The Vulcan Hi-C's held an Easter Sunday service at 8 a.m. in the United Church. Rev. Dormer conducted the service with E. K. Hawkesworth as guest speaker and organist was Bill Tompkins.

President Brian Smith gave the scripture lesson with Susie Robertson reading the pastoral prayer. A vocal solo by Donald Hansen accompanied by Bill Tompkins at the organ was much enjoyed.

Following the service a pancake breakfast was served by the Hi-C's assisted by Mrs. Dorothy Myers and Mrs. Pat Smith.

Fifteen Hi-C members from Vulcan are attending a rally in Lethbridge this week.

## Shower Honors April Bride-elect

Miss Yvonne Keller, a bride-elect whose marriage to Peter Buys will take place at Barons on April 24, was honored at a miscellaneous bridal shower on April 12 with 40 friends present.

A humorous song sung by Mrs. Evan Munro, Mrs. Bill Murray and Mrs. Ivan Haga was enjoyed by all. The gifts, hidden in a male operative patient, Mr. Shower Giffie, who was suffering from presentitis, were removed by surgery by Dr. Honeymoon (Mrs. Arthur Jones) and Nurse Bateman. The bride-elect, assisted by her mother Mrs. Ben Keller and sister-in-law Mrs. Keller of Barons and Miss Diane Dafe of Vulcan opened many useful gifts.

A floral arrangement was presented to Miss Keller by Mrs. Bert Maisey as a memento of the occasion, from the hostesses. The guest of honor very capably thanked everyone for the lovely gifts and welcomed each to their home is Kirkcaldy.

Lunch was served to conclude the evening.

## MIXED ORIGIN

The Ontario town of Brockville was once called Snarlington by outsiders because of the bitter arguments of villagers over whether it should have the name of Williamstown or Elizabethtown.

## Two Elevators Razed

## \$400,000 Loss In Fire At Herronton

Piles of wheat and flax were still smoldering Monday of this week as the aftermath of a fire which destroyed two grain elevators in the hamlet of Herronton, northwest of Vulcan, on Wednesday, April 14. Annexes to the two elevators were also destroyed, two CPR freight cars loaded with flax were badly damaged and two trucks loaded with wheat also fell prey to the flames to bring the fire loss estimate to well over \$400,000.

Fire from an undetermined cause had gained a good start in the upper reaches of the Pioneer elevator when the agent went down to open up at 7:00 a.m. He immediately gave the alarm and then returned and removed all the office records to a safe place. Handicapped by a short supply of water, fire fighters could do nothing to save the burning elevator and, fanned by a brisk wind, flames soon gained a hold on the adjacent Alberta Wheat Pool elevator.

Rural fire protection trucks from High River and Vulcan were summoned and were instrumental in saving the nearby Alberta Pacific elevator and some residences from the flames. Due to an unfortunate occurrence at Vulcan involving the special fire department phones, the Vulcan rural fire truck was half-an-hour late getting to the fire. (Editor's note: Steps have been taken to prevent any re-occurrence of this type of incident. The correct number for the four special fire alarm phones for both town and country fires is still 485-2222).

Nine other CPR freight cars on the elevator siding were saved by being pushed down the siding away from the fire and several truckloads of fertilizer were also saved.

Both elevators and their annexes were insured. Re-building plans have not yet been announced.

## Carmanzay Rink Wins Blairmore Bunny Bonspiel

The B. White rink of Carmanzay skipped by Larry Stettner, third David Hubka, second Miles Letal and lead Brian White was defeated in the annual Bunny bonspiel at Blairmore, April 15 to 18.

The rink played six games with no defeats and won the A event by a 7-6 extra end score over J. A. Runnet of Calgary in the finals.

CARLO TRAVAGLIA

## Well Known Champion Coal Miner Retires

(By Champion Correspondent)

"One thing I've done in my life I have helped keep a lot of people warm", are the words of Carlo Travaglia as he looks back on 34 years of operating a mine in the Champion district.

Carlo Travaglia came to Canada from Europe in 1926 and worked in mines at Conihurst and Lethbridge before coming to Champion. He worked at one of the district mines before purchasing the mine site from Jay Smith in April 1931. It has always been known as the "Smith Mine."

Mining was big business in those days and the mines in the Champion district served a large district. At peak production over 30 miners were employed by Mr. Travaglia, and they were turning out 60 to 70 tons of coal each day.

In the "thirties" horses were still used to haul coal. Shelters for men and horses were provided at the mine, for sometimes the customers had to wait for coal. The mine owner kept feed on hand for the horses too.

As late as 1950, 23 trucks have been lined up in the winter waiting to be loaded.

In spite of his 60 some years Mr. Travaglia still is mining coal. He doesn't employ any miners now, but takes care of the whole operation himself.

Mr. and Mrs. Travaglia will move to their home in Vulcan, May 1, to enjoy a well deserved retirement.

## BAND NEWS

Both senior and junior bands of the Vulcan County Band Association are swinging into the final phase of training for the present season and coming up are a number of public engagements.

For the first time since they were organized two years ago the junior band is having a full evening's concert to demonstrate their rate of progress to the public. This is set for Saturday, May 1, at 8:00 p.m., at the Hazel Cameron Elementary School auditorium.

Last year the young band was included on the first portion of the senior band concert but it is felt there is sufficient material well rehearsed for a full junior program. Along with such marches as Military Escort, Activity March and a medley of Sousa's marches are two overtures, waltzes and even the theme from Gunsmoke will be heard.

Second year students Sally and Susie Giles and Marta Gottenberg will play a trio on sax and clarinets while Judy Haga will also be featured on the program along with other individuals making their first public appearance.

The sympathy of the County Band Association goes out to the family of Rev. Laurie Hale in the passing of Mrs. Hale last weekend. Rev. Hale has been a supporter of the band movement since its inception and his son Bill is in the trombone section of the senior band.

## BIG FISH

Largest muskie ever caught, just over five feet in length and one ounce short of 70 pounds, was taken in the St. Lawrence River on the US side of the International boundary.

MR. AND MRS. HARRY CLARK

## Open House Held At Lomond

Mr. and Mrs. Harry Clark of Lethbridge were feted at an open house when their son-in-law and daughter, Mr. and Mrs. Jack West of Lomond invited friends to call on the occasion of Mr. and Mrs. Clark's 50th wedding anniversary.

Mr. Clark, who was born in England came to Claresholm in 1910 then moved to Lomond in 1914 and from there to Winnipeg where he resided until his retirement in 1956. Mrs. Clark, the former Hester Bell was born in Winnipeg and moved to Claresholm. Mr.

and Mrs. Clark were married in Vulcan, March 29, 1915. They moved to Lethbridge from Lomond, where they had lived for seven years now and make their home in Lethbridge.

With the exception of their only son Robert who makes his home in Ottawa, the other members of the family were present for the event. Their three daughters include Mrs. West; Mrs. R. D. Armstrong, Edmonton, and Mrs. R. D. Campbell, Taber. They have seven grandchildren.

## Alberta Engineers Win Award

The National Design Council's Award of Excellence has been won by three top Engineers of the province, Bridge Branch of the Department of Highways in Alberta. Emil J. Sanden, P. Eng., Chief Bridge Engineer for the province, Thomas J.

Trimble, P. Eng., Assistant Chief Bridge Engineer for the province, and Robert L. Foster, P. Eng., Chief Design Engineer, have been each awarded plaques by the Honourable C. M. Drury, Minister of Industry for Canada, in Toronto.

The winning structure which was designed by the Alberta engineers is located on the new freeway west of Red Deer at the junction of the Burnt Lake Trail. The structure was designed to provide an aesthetically superior structure at lowest possible cost. It consists of continuous, composite welded frames in conjunction with rolled beam spans. The sloping frame legs and use of high strength steels reduce the effective spans of the rolled sections allowing a reduction in depth and weight and also helping to cut down fill requirements. The sloping legs allow the present four-lane highway to be widened to six lanes in the future.

Shown in the upper inset photo, reading left to right, are: Thomas J. Trimble, Assistant Chief Bridge Engineer; Emil J. Sanden, Chief Bridge Engineer (holding the trophy); and Robert L. Foster, Chief Design Engineer; all of the Bridge Branch of the Department of Highways of Alberta. The lower photograph is of the award-winning structure.

## Successful banking begins with a savings account

Like almost everyone else, you use your local chartered bank as a safe and handy place to build the savings reserve that is so important to your financial future. In doing so, you do more than build a solid foundation for financial plans. You are building a valuable banking relationship and helping to establish your credit. And as you get to know the manager and staff — as you use other banking services to meet personal or business needs — your banking contacts become even more useful to you. And it all starts with a savings account!

## THE CHARTERED BANKS SERVING YOUR COMMUNITY

Through 5,650 branches, all across Canada, the chartered banks bring full-range banking within the reach of everyone.
